An Idaho Letter.

Mrs. Alice P. Bishop, who is well and favorably known in Marshall wrote us an interesting letter from which we give some extracts as follows:

Malad City, Idaho.
Sept. 12 '90.

Dear Mr. Witt—

Miss Griswold and I are doing well here—better perhaps than if we were superintendents of schools. All we have to do is to sell books. It is the most carefree work I ever tried, as we are absolutely free to choose our own territory and work it in our own way. It helps us greatly to know that our work is out of the way of all that is pure and elevating.

We have a home with Atty Gen. McDougall's sister who is keeping his house while he is in Boise. She is one of the Malad teachers.

They were formerly from Petersburg, Ill. Lincoln's old home and used to know Mr. Bishop when he lived in Havana, Ill.

The Presbyterian minister here—Dr. Stewart—is a nephew of our old minister Dr. Stewart who for 39 years has been pastor of the Towanda, Pa. Presbyterian church. It seems that one may go any-

where and find old friends. Malad is a very rich town, in a very rich valley where prices for everything not raised or made here have always been very high.

There are no needy people in the valley I am told. Stock raising and farming as carried on by the original Welsh settlers and their descendants have brought abundant returns. To me it seems a land of beautiful eyes. I never realized that such eyes were characteristic of these remnants of the old Britons who still in Wales use a language quite similar to the one used when Caesar conquered Britain.

The town is about evenly divided as to Mormon and Non-Mormon beliefs—but that makes no greater differences here than the various beliefs in Marshall when it comes to social, business or political life. The schools are excellent. I have yet to see a sickly looking person or to hear any one cough while we try to do our part here. He says the crops there are fine.

Mr. Bishop and my mother both like their lantha home and he is improving the place, adding to its appearance and value monthly while we try to do our part here. He says the crops there are fine.

All our land is rented and dear faithful old John is still our only horse.
Alice P. Bishop.

Cashed Bogus Check.

A young man who gave the name of Walter Funk was arrested today by ex-chief of Police Boullt, charge with having cashed a bogus check for \$5 at the saloon of Byard & Cassing on West Second street.

Funk says his mother lives in St. Louis where he has been working for the street car company. Last week he went to Malta Bend, on a visit to relatives. Later he proceeded to Marshall where he attended the fair, still later going to Corder and coming thence here. For a week he has been drinking, he claims and last night he slept in the Missouri Pacific depot in this city.

The check cashed at Byard & Cassing's by an employee of the place was drawn on the Malta Bend bank and bore the signature of C. V. Ross, a carpenter there. Mr. Ross was called up on the phone by Officer Boullt and said he had not given Funk or any other person a check, nor had he authorized any person to sign his name to a check.

Another check on the Bank of Blackburn, partially made out, in favor of Edward McMahon, was found on the person of Funk, who later confessed to Officer Boullt that he had forged Mr. Ross name to the paper cashed at Byard & Cassing's.

The prisoner was locked up pending a hearing. He gave several names at first, but finally stated that his right name is Walter Funk.

After he had cashed the check he sat down in the saloon and engaged in conversation with a gentleman, in the course of which he said his name was Brown. When Mr. Cassing learned of this fact he became suspicious and began an investigation that resulted in the arrest of the stranger by ex-chief Boullt.—Sedalia Democrat.

Attempted to Kill Kaiser.

Berlin, Sept. 16.—A special dispatch to the Morgen Post from Funkirchen, Hungary, says that a formidable bomb was discovered yesterday lying on the railroad track in front of Emperor William's train, in which he was proceeding to the hunting lodge Mohacs, twenty-five miles southeast of Funkirchen. The correspondent added that the bomb did not explode.

A Sad Story.

A widow named Thielking came in from Cape Girardeau last Saturday to get her son from the Colony and being acquainted with the editors sister called on us while here. Her life story ought to make anyone thankful whose lot is more fortunate—and but few could be more unfortunate. Born in Hanover, Germany, fifty years ago and one of 13 children who were left orphans at a tender age, the mother was compelled to hire out as a farm hand at \$6 a year and place the children in homes virtually as slaves. Mrs. Thielking grew up without any schooling being compelled to work to the limit of endurance till of age. By this time conditions were somewhat improved, yet she worked hard at \$30 a year, getting up at 3 a. m. to milk, feed, thresh with a flail, or go out into the field.

As soon as able she came to the United States, and here she found "heaven on earth" as she expressed it. But soon made matters worse by marrying a drunkard.

She was left a widow with three small children whom she placed in an asylum and went to work again. She has now bought a little home and wants to get the children together. One of the sons in the meantime was sent to the Colony from the asylum and she saw him the first time in five years Saturday night. Neither recognized the other and it was sad to hear her tell of the meeting.

She said, "Oh he looked so stooped and wrinkled, not like my boy at all," as tears streamed down her face. She left with him on the 11.50 train Sunday. With all her misfortunes we can imagine her happy once more in her snug home with her three children about her, even though one is only a mass of misshapen flesh.

Have You a Baby

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If it's complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence give it White's Cream Vermifuge. The only cure that never fails and has no bad effects. Sold by P. H. Franklin.

Seats are provided for 10,000 people and these are all comfortably adjusted with back and foot rests. Standing room is never sold and there is but one price of admission. Every holder of a ticket is entitled to a seat and there are fifty uniformed ushers in attendance to see that seats are furnished to the patrons.

Stanberry has a few mosquitoes and some chiggers, some boosters and a few knoekers, many christian and a few hypocrits. No saloons but much booze. Many, many good looking women and a few not so good looking. Many bald headed ugly men and some better looking, but thank the Lord! we have no women that wear hoop skirts or hobble dresses.—Herald.

Impromptu Telephone Service

Ed Purcell, manager of the local telephone exchange, informs us that the Bell has begun reconstructing work on its system here involving an expenditure of \$65,000.

The entire wiring is to be done new and all the old phones replaced by automatic phones which require no cranking. This makes the system modern in every respect and equal to that of our progressive neighboring cities or even better. The new building on East Arrow has also been started on. Another change recently inaugurated by the Bell Co. on its entire system requires the operators to say "Number, please," instead of the blunt "number?" It is an extra touch of politeness that ought to be appreciated by the public.

Saved a Soldier's Life

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 175 pounds." For Coughs, Colds, LaGrippe, Asthma, Hemorrhage, Hoarseness, Croup, Whooping Cough and lung trouble, its supreme. 50c \$1.00. Trial bottle free. Guaranteed by P. H. Franklin.

New Pool Room

Frank Kidd, Jr., last week started a new pool room on West Arrow. He has new pins and balls and a good bowling alley. Mr. Kidd will stay at his home southeast of town and come in during the week. He is a fine young man and we wish him success in his new business.
